Descripció de la proposta

In this project, Students will learn about Hamilton's biography to understand his childhood, early training, matured period and late period. Later, they will be analysing and describing most famous Hamilton's pictures. This project is a result of GEP1 programme.

Aspectes didàctics i metodològics

These three sessions are based on a CLIL approach. There is use of ICT tools (Kahoot, AnswerGarden, Quizlet, InstantClassroom...). There is group work (collaborative vs cooperative working). The importance of the input is taking into account and multiple intelligences are catered for. To provide scaffolding, a glossary is used to scaffold the comprehension of the written input. Substitution tables are present in the project to scaffold the oral presentation. Finally, vocabulary is given with pictures to scaffold Hamilton's picture description
